

INVESTMENT

I treat each and every photo session as an investment. My client's are investing in original artwork capturing precious family memories. I strive to create portraits that clients can proudly display throughout their home and images that bring a smile to their face each and every day.

Together with the client I will agree a suitable session whether in my home studio, on location or at the client's home. Following the session I can offer a range of products for the home, gift for families or keep sake pieces.

The session fee includes my time, pre-session preparations, post session editing, online gallery hosting with shopping cart and custom order preparation. The session fee does not include any images, either prints or digital negatives.

I aim to provide my customer with a range of products to choose from. To enable my customers to frame their own images I am offering unframed prints, however I do have a minimum spend of 2000 kroner which is in addition to your session fee.

SESSIONS

♥ NEWBORN SESSION (0-4 WEEKS)

Kr1200

The optimal time to photograph your new arrival is in the first 10 days of your baby's life. During this time the baby are sleepier and still has a lot of the natural flexibility and curl from when they were in mummy's tummy to achieve the desired poses. I encourage expectant parents to provisionally book their session to ensure availability.

The session can be carried out in my studio and usually last between 2-4 hours

♥ BABY AND TODDLER SESSIONS (1 MONTH-18 MONTHS)

Kr800

Babies are cute at any age but one of the best time to photograph babies is 6-8 months old. This is the age where they can sit unaided but are not yet crawling away. Babies this age are incredibly cute and will give lots of fun and cute expressions.

Babies first birthday brings a lot of emotions as it is always a gentle reminder of how fast the first year has gone by. How they go from being a tiny newborn to a little person displaying so much personality. It is always nice to finish a first birthday session with a cake smash where they have a cake/ cupcake that they can dig into.

The session can be carried out at clients home or in my home studio and usually last between 1-2 hours

♥ PORTRAIT/ LIFESTYLE SESSION

Kr800

The portrait and lifestyle sessions can be carried out in my studio, at clients home or on location and where possible a combination of both. I am to make my sessions relaxed and interactive capturing natural expressions. The location sessions can be a visit to a local park/ estate, the beach, city centre.... In the event of rain the session can be re-scheduled or moved to an alternative location. Last between 1-2 hours

TERMS AND CONDITIONS

Session fee is payable at the time of booking to secure your space. This is a non refundable booking fee.

In the events where a session has to be cancelled on short notice (less than 24 hours) due to unforeseen circumstances i.e. illness, adverse weather, the session can be re-arranged at a mutually agreed time. In the event that you have to re-arrange a session, please give a minimum of 5 (five) days.
